Dear Mr. Goldberg,

Referring to my letter of August 7, and your reply of August 12, 1965, I would like to purchase this Bogens photograph of the Presidential car in front of the Depository Building in Dallas at the time of the assassination.

I want to be certain that it is the full and unretouched negative and that it is a clear enlargement, for I have seen a print that was not.

Please send it to me as soon as you possibly can care of Mr. Sam Abbott, ninth floor, DupontCircle Building, 1346 Connecticut Ave., Washington D.C., by special delivery. If there is an extra charge for this, please let me know.

Should I desire to use this photograph outside the United States, what is the additional charge.

Sincerely yours,

Harold Weisberg

My check for $15.00 is enclosed.
